

8 Bit

*sensors, motors,
low res displays ,relays
8051, Arduino UNO*

16 Bit

*audio, networking,
printers, graphic display
PIC24, AVR-XMEGA*

32 Bit

*GPiOs, Graphics, routers,
RTOS, Multitasking
PIC32MZ, LPC21XX*

**What is SoC / SBC? Are they 32
bit microcontrollers?**

System on Chip
= microcontroller - (RAM and ROM)

SOC / SBC
